

ELEVATE NEXUS STATEWIDE HIGHEREDUCATION INDEX

UPDATED 4/30/2022

ACKNOWLEDGMENTS

Elevate Ventures would like to acknowledge the Economic Development Administration (EDA) and Indiana Economic Development Corporation (IEDC) as the research, development, and execution of this index – and additional Elevate Nexus programming - would not have been possible without their continued financial support.

We would also like to acknowledge our Elevate Ventures entrepreneurs-in-residence, regional partners, and participating higher-education institutions as their continued participation, collaboration, and feedback helps ensure we continue to deliver high-quality, innovative, entrepreneurship education and training.

Lastly, we would like to acknowledge all the individual educators, entrepreneurs, and startup companies that have participated in and helped improve Nexus programming.

NEXUS OVERVIEW

Elevate Nexus launched in 2019 under Elevate Ventures with funding received from the Economic Development Administration and the Indiana Economic Development Corporation. Nexus provides programming and funding to higher-education institutions, communities, and the entrepreneurs and startup companies they engage. Through these efforts, Nexus has created a stronger network among higher-education institutions, community partners and entrepreneurs. This robust, unified, smarter network has led to more high-quality startups launching and growing in Indiana.

As of this publication, Elevate Nexus programming has resulted in:

- 703 Elevate Origins Participants
- 530 Nexus Pitch Competition Applications
- 100 Pre-Seed and Seed Investments totaling \$4.6M
- \$928,000 in grants awarded***
- 34 higher-education institutions engaged

New to this version of the Elevate Nexus Statewide Higher-Education Index is a comprehensive list of winning Nexus Pitch Competition companies as well as the inclusion of all Small Business Development Centers housed on Indiana higher-education campuses.

¹ "Engaged" is defined as verbal commitment, grant application submitted, student applications/

participants. *** includes both higher-education Grants and Nexus Competition matching grants

NEXUS HIGHER-EDUCATION ENGAGEMENT DATA

Nexus Higher-Education Grants were made possible by an EDA grant received by Elevate Ventures in 2019. The grant allowed for 12 \$50,000 grants to be distributed to eligible Indiana higher-education institutions over three years. A list of grant recipients can be found below.

| Nexus Higher-Education Grant Recipients | | | | |
|---|--------------------------|--|--|--|
| PTTY | 2019 | 2020 | | |
| | IUPUI | Butler University | | |
| | Purdue University | Ivy Tech Community College– Bloomington | | |
| | Trine University | Taylor University | | |
| | University of Notre Dame | University of Indianapolis | | |
| | 20 |)21 | | |
| | Ball State University | | | |
| | Indiana Tech | | | |
| | edicine (CHIE) | | | |
| | University of Evansville | | | |

For every Nexus Pitch Competition investment, up to 10% of the total value of the investment is granted back to Indiana higher-education institutions and nonprofit entrepreneurial support organizations that made a positive impact on winning companies.

Data updated to reflect investments made as of November 2021.

| Higher-Education Institutions | | | |
|--|-----------|--|--|
| DePauw University | \$1,000 | | |
| Grace College & Theological Seminary | \$4,000 | | |
| Indiana University – Bloomington | \$71,000 | | |
| IUPUI | \$9,000 | | |
| Ivy Tech Community College – Bloomington | \$1,000 | | |
| Purdue University | \$106,000 | | |

| (CLUB) | Contact: | Alyssa Laskowski Administrative Assistant alaskows@butler.edu | |
| | Summary: | Butler University's Office of Internship & Career Services has created the "Entrepreneurship Career Community", and we are excited to launch this new group for Butler students, alumni, and our employer partners! Butler students who have passion, creativity, and the desire to be your own boss and take that "side-hustle" to the next level, this may very well be the ideal career community for you! If you're not ready to start your own business, fret not because there are many other options for those with a degree or strong interest in entrepreneurship. Joining the Entrepreneurship Career Community will help students explore the entrepreneurship field by creating opportunities to connect with alumni, employers, parents, and friends who are invested in their career success. | |

| | Summary: | The Gayle & Bill Cook Center for Entrepreneurship at Ivy Tech Community College Bloomington provides practical tools to help entrepreneurs of south-central Indiana start and grow businesses. Founded in 2010 to honor one of the regions' most successful entrepreneurs, Bill Cook, the Cook Center embodies Mr. Cook's philosophy of 'ready, fire, aim' entrepreneurship by giving students and others the skills and resources they need to start businesses. We offer academic programs to support students, faculty, staff and alumni as well as free consulting for these stakeholders and the community through our partnership with the Indiana Small Business Development Center, which is hosted at the Cook Center. |

| | Audience: | Students Faculty Community Businesses Entrepreneurs |
| | Summary: | Ti1 is looking for businesses (pre-revenue startups included) seeking product design, prototyping, testing or process improvement assistance. They are willing to help businesses at every step of their product development and improvement process as a way to give students real-world, tangible experience. What really excites us about Ti1 is the sheer number of resources at their disposal including injection molding, blow molding, 3-D printing, plasma cutting, laser cutting and even a cast metals foundry (that's right, a foundry). Their services are offered at little or no cost to the business, with the supported company paying mainly for materials such as polymers, steel and wood. Ti1 also taps into Trine's business school to help with new product and business plan development, financial analysis, marketing assistance and employee development. |

| | Audience: | Students Faculty Community | |
| | Summary: | The IDEA Center currently serves a large volume of students, faculty, alumni, and regional entrepreneurs and has helped launch 57 companies raising \$25M in funding over the last two years. The Student Entrepreneurship Department at The IDEA Center began with the Center's inception in 2017, and its mission is to change students' lives through the discipline of entrepreneurship. It focuses on experiential learning for all students, but it reallocates internal resources to help those with the most promising innovative and high-potential startups. We believe that providing preferential options for the most promising will generate student successes that will inspire the whole student body and change the culture at Notre Dame at all levels. | |
