

Sample Org Chart

Includes titles and names for all managerial personnel. If a single individual splits time between/among two or more functions, show percentage of time allocated to each. Indicate below each function the number of non-managerial personnel reporting to that function. Where appropriate, include further the number on salary, the number of wage, and the number of productivity-based compensation only (i.e., commission salesmen, piece-rate production workers). Indicate Key employees or key positions with another color i.e. red in the diagram.

Present State Org Chart

Include titles and names for all managerial personnel. If a single individual splits time between/among two or more functions, show percentage of time allocated to each. Indicate below each function the number of non-managerial personnel reporting to that function. Where appropriate, include further the number on salary, the number of wage, and the number of productivity-based compensation only (i.e., commission salesmen, piece-rate production workers). Indicate Key employees or key positions with another color i.e. red in the diagram.
